NEW NEIGHBORS IN THE GREEK SECTOR

Welcome Alpha Sigma Phi

Before the start of the Fall semester, the Alpha Sigma Phi Fraternity at Georgia Tech purchased the property at 171 5th Street in the Greek Sector. Alpha Phi previously occupied this property. With 32 IFC fraternities at Tech, now 29 own property in between the main part of campus and Tech Square.

This is a great opportunity for the chapter, who have had to learn about GNA policy and risk management policy quickly to be prepared for Recruitment and the start of the Fall semester.

The house was previously owned by private property owners,

and leased to the Alpha Phis. When these owners were ready to sell, Tech worked to purchase the property in hopes of selling it back to a fraternity, sorority or religious group. Multiple

groups responded to the Request for Proposals, and Alpha Sigma Phi was selected.

Since moving in the chapter has worked to update the alarm system, paint and make repairs, and of course - put their letters on the outside of the home. If you have any suggestions on how to operate a fraternity house, please feel free to connect with their leadership.

Alpha Phi is slated to start construction near the Alpha Delta Pi house and football stadium in the coming months. Until then, the Alpha Phi house will be located on 4th Street.

A new lock was placed on the Wreck Lot because too many people were leaving the lot open after use. We put the new Lock there in an effort to make it more user friendly. Please make sure you lock the Wreck Lot back after each time that you use it.

The new code is 1500.

If the gate is left open, your chapter could lose your Wreck Lot privileges.
